

QUALITY YOU CAN RELY ON.

Performance that grows
with you.

German wide-web flexo PrePrint technology
for the corrugated packaging industry.

HIGH QUALITY
MADE IN GERMANY

CONSISTENT QUALITY

**Repeatable high-graphic
results – job after job.**

Designed for demanding local
and international brands,
based on more than 50 years
of CONPRINTA experience in
wide-web printing.

INDUSTRIAL PERFORMANCE

**Engineered for high production
volumes, high uptime and fast
job changes.**

CONPRINTA Continuous Run,
powerful drying technology
and intelligent automation keep
production running efficiently.

BUILT TO GROW

**Invest in what you need today.
Expand for tomorrow.**

Add printing units, drying
capacity, preconditioning,
auto-register, inspection and
further performance equipment
as your business grows.

BUILT FOR LONG-TERM PERFORMANCE.

More than a printing machine.
A platform for your growth.

The performance behind the promise

2.8/2.5/2.2/1.7 m	Working widths
4–12	Printing units
80–500 g/m ²	Paper weight
150–360 m/min	Maximum speed
998–4,550 mm	Printing length
±0.1 mm	Print registration
4 min	Plate/color change

Specifications depend on machine configuration.

ENGINEERED AROUND YOUR NEEDS

PERFORMANCE

We configure printing units, unwinding and rewinding solutions to match your production volume, workflow and future growth.

SUBSTRATE MANAGEMENT

Preconditioning, moisturising and dedusting solutions are tailored to the substrates you want to run and your quality requirements.

QUALITY & AUTOMATION

Inspection and auto-register systems are selected according to your quality and automation requirements.

Your production requirements define the machine – not the other way around.

CONPRINTA AT YOUR SIDE

CONSULTING & DESIGN

Together, we develop the right solution for your application.

START-UP & TRAINING

On-site installation, commissioning and team training.

SERVICE & DEVELOPMENT

Technical support, optimization and upgrades as your business grows.

Personal support from the first idea throughout your machine's life.

MADE FOR THE GROWING CORRUGATED PACKAGING MARKET

EXPORT BUSINESS

High-graphic packaging for shoes, apparel, electronics and other internationally branded products.

GROWING LOCAL MARKETS

A powerful PrePrint platform for beverage, hygiene and branded consumer packaging.

NEW BUSINESS OPPORTUNITIES

Supply box plants, converters and export markets from one central PrePrint operation.
